Technical characteristics

2

To add a video, you only have to paste the link of the video of the vehicle by linking it to a template.

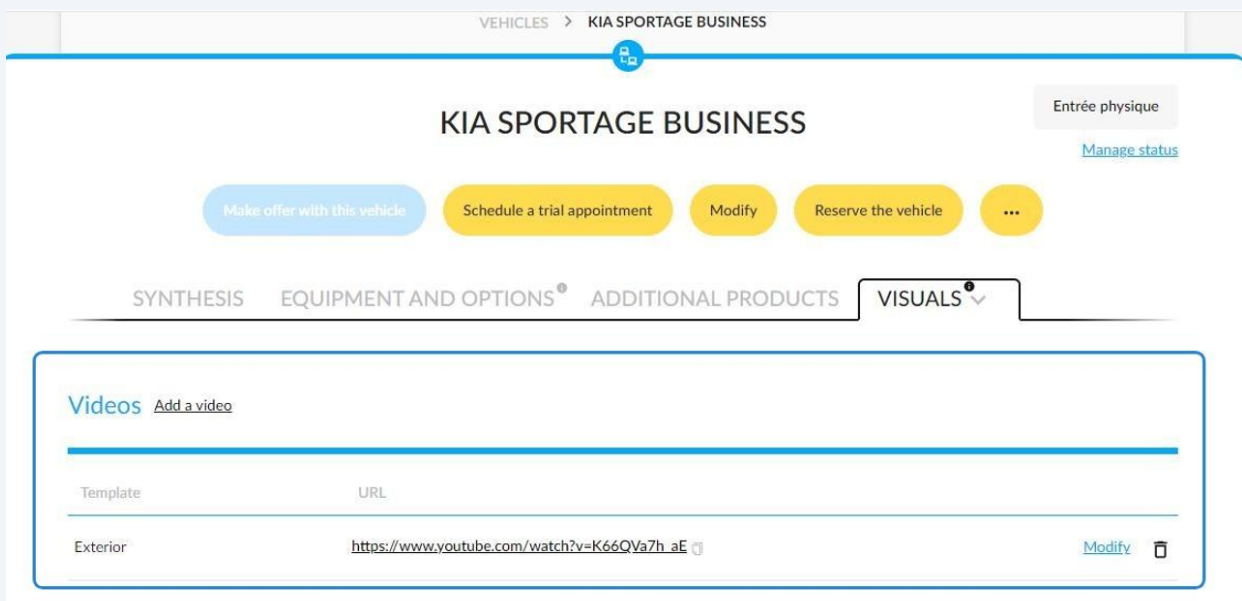

The selected template wording will correspond to the elements presented in the video:

- Interior
- Exterior
- Show room
- Other

3

Example:

4

The presence of video links and photos on a vehicle file is illustrated by a coloured circle.

5

The number of video links added to a vehicle file is counted.
